Every age of human history has experienced battles that have been instrumental in molding the future. Battles influence the spread of culture, civilization, and religious dogma. They introduce weapons, tactics, and leaders who dominate future conflicts. Some battles have even been influential not for their direct results, but for the impact of their propaganda on public opinion.

Let's talk about the history books that made the 2020 shortlist individually. Why don't we start with The Five by social historian Hallie Rubenhold, which is about the five known victims of Jack the Ripper. This is a book that's verging on the true crime genre, so I think will also appeal to people who don't read history books that much.

.
